BORN OVER 60 YEARS AGO with our roots in the surplus business, Century Arms has an extensive history of providing unique and affordable products to the firearms community. Century Arms continues that tradition today with a state of the art manufacturing facilities located in the U.S.A. and a dedicated surplus team around the world. We are committed to offering unique, innovative, and quality products to the U.S. Consumer, Law Enforcement, Military, and International Clientele for many years to come!

CENTURY ARMS

SHARPS MB47 RIFLE

In collaboration with SHARPS BROS.

SKU: RI4998-N

The Century Arms MB47 blends classic AK reliability with modern performance upgrades. Built on a billet 4140 milled receiver, it delivers exceptional strength, rigidity, and long-term durability. The US Palm free-float M-Lok rail allows versatile accessory mounting while enhancing accuracy. An all-new RAK-1 flat-faced trigger provides a crisp, clean pull, while the Magpul DT carbine stock on an AR15 mil-spec buffer tube offers adjustable comfort. A fluted, chrome-lined barrel with 5/8x24 threads supports customization, and the Century Arms US Chevron compensator reduces recoil and muzzle rise for faster follow-up shots. The MB47 is a refined, modern AK built for performance-driven shooters.

SPECIFICATIONS:

- Caliber: 7.62x39mm
- Barrel: 16.25" Fluted Chrome Lined 4150 CM-5/8x24 Thread

VSKA SYNTHETIC

SKU: RI3291-N, SKU: RI3291CC-N (CALI COMPLIANT)

The VSKA SYNTHETIC comes to us as a unique addition to our family. Constructed with the same materials as the standard VSKA; an all-new bolt carrier, front trunnion, and feed ramp machined from S7 tool steel and uniquely heat treated for maximum durability. S7, often referred to as a "Shock-Resisting Tool Steel," is commonly used for tools like chisels and jackhammer tips as it has maximum shock resistance and high compression strength, while retaining toughness.

SPECIFICATIONS:

- Caliber: 7.62x39mm
- Barrel: 16.25" Chrome-Moly 4150 Steel Barrel
- Overall Length: 37.25"

AP5 NAVY

SKU: HG6034N-N, HG6034NB-N (w/brace)

The AP5-N (Navy) delivers the classic Naval-variant configuration that earned global respect in the 1980s, now built to modern standards by MKE. Featuring an 8.9" cold hammer-forged barrel with a 3-lug/1/2x28 threaded muzzle, it's ready for modern suppressors and accessories. The Navy-style ambidextrous grip assembly, classic wide handguard, and stamped steel receiver maintain the iconic MP5-style handling and durability. Finished in lacquer paint over manganese phosphate, the AP5-N includes a Picatinny-compatible end cap, claw-mount Picatinny rail, and ships with two 30-round magazines, flash hider, and sling—making it a complete, ready-to-run package for collectors and shooters who want an authentic Navy-pattern platform.

SPECIFICATIONS:

- Caliber: 9mm Luger (9x19mm)
- Capacity: 30+1 rounds
- Barrel: 8.9" Cold Hammer Forged
- Overall Length: 17.9"
- Weight: 5.5 lbs
- Action: Semi-Automatic
- Muzzle: 3 Lug, 1/2x28 RH Threaded
- Magazine Included: 2 x 30-Round
- Front Sight: Fixed
- Rear Sight: Fully Adjustable
- Stock Material: NA
- Receiver: Stamped
- Finish: Lacquer Paint over Manganese Phosphate
- Manufactured: Made in Turkey

AP5-P NAVY

SKU: HG6035N-N, HG6035NB-N (w/brace)

The AP5P-N (Navy) delivers the authentic ultra-compact "K" pattern with classic Naval-variant styling. It features a 5.8" cold hammer-forged barrel with 3-lug/1/2x28 threading, paired with a Navy-style ambidextrous grip assembly for modern ergonomic control. The stamped steel receiver is finished in lacquer over manganese phosphate, with a rear sling mount and claw-mount Picatinny rail included. Each AP5P-N ships with 2x30rd magazines, flash hider, and sling, offering a complete, ready-to-run Navy-inspired AP5P configuration.

SPECIFICATIONS:

- Caliber: 9mm Luger (9x19mm)
- Capacity: 30+1 rounds
- Barrel: 5.8" Cold Hammer Forged
- Overall Length: 13.7"
